NOTE:
This listing of vendors and manufacturers involved in solvent cleaning substitutes and equipment is provided for informational purposes only. This list is provided as a service to Nevada businesses in order to assist them with waste minimization. The listing of these businesses is not to be construed as actual or implied endorsement of their products or services. Additionally, other businesses which provide similar products and services may not be listed; this omission is not to be construed as an actual implied denouncement of these businesses. Vendors you currently work with may have information about alternative cleaners. Remember to check with them too.

NOTE: This guidance document was developed by Business Environmental Program of the University of Reno (BEP-UNR) with funding provided by Nevada Division of Environmental Protection (NDEP). This guidance document does not and is not intended to replace or supersede either Code of Federal Regulation, Nevada Revised Statutes, Nevada Administrative Codes. BEP-UNR advises the regulatory community not to rely solely upon the information presented in this guidance document, but to read all applicable regulations set forth in both Title 40 C.F.R., Part 260-279, Nevada Hazardous Waste Regulations and keep informed of all subsequent revisions or amendments to these regulations.
